Some extra guidance

Please use Copy & Paste not Cut & Paste, Cut can sometimes upset formulas.

Please don't use accents on letters (such as café), the Revenue's technology does not accept them.

If you are copying information from somewhere else (such as a set of accounts) please watch out for rounding problems – the monetary amounts must be £ and p, not fractions of a p.

The Yes/No questions are generally set to No by default, select the Yes box if required, to unselect Yes, please select the Yes box again.

Using Internet Explorer and Blocked content

You may get an audible warning if the sound is turned on.

Choose Tools/Internet Options/Advanced

Near the bottom of the list the option “Allow active content to run in files on My Computer” – this must be ticked and applied before you send the tax return to HM Revenue & Customs.
